Received BOARD OF REVENUE *Registered* E 4211

From (Name) Khan Bahadur Md. Bazlullah Sahib Bahadur C.I.E., O.B.E.,

(Designation) Collector of

Post Box ....., (Station) Bellary.

Telegraphic Address .....

To The Secretary to the Commissioner -
Land Revenue & Sett.,
Madras.

D. Dis. C. *No.* 1135/26., *dated* 5th August 1926.

Sir,

Buildings - Collector's Office - Bellary - Occupation by Local Fund Officers - eviction proposals.

Portions of the Collector's Office buildings are occupied by the offices of the District Board and of the District Board Engineer. The former office has been located here for a long time though rent is being charged only from 1-4-22 as ordered by Government in their order No.173 W., dated 16-2-22 [illegible] The latter office occupies the old press room of the Collector's office under the sanction conveyed in G.O. No. 588 W., dated 8-5-19. Mis 629 14-5-19 (B)

2. The marginally noted Government offices are also located in my office buildings with the result that there is much congestion even for the regular staff of my office. The last named Bench Court holds its Court in my court hall in the mornings for want of accommodation elsewhere. There is no accommodation for the special Tahsildar newly appointed for maintenance work. As he is attached to my office, accommodation has to be provided for him and the draftsma and Deputy surveyor who work directly under him and also for keeping a large set of maintenance maps and records.

3. Collectorate Post office.
4. Dt. Labour Office.
5. Dt. Educational Council Office.
6. The office of the I Class Bench Court.

and to provide sufficient accommodation not only for the several sections of my office but also if possible for other Government offices with which the Collector's office carries on correspondence(e.g. the Excise Asst. Commissioner's ~~office~~ and Inspectors and veterinary Dy. Superintendent's offices), I have addressed the President District Board asking him to state if he is willing to vacate the portions of my office building occupied by his office and that of the Dt. Board Engineer, but he writes to say that he is neither able nor willing to find accommodation for the offices elsewhere and on the other hand ~~apply~~ for more space with a view to locate the District Health Office also in the same building.

4. The Dt. Board's office ~~is~~ occupying nearly 1/3 of the main building while the Dt. Board Engineer's office the whole of the Press buildings. The District Labour Office and the District Educational Council office are in consequence located in the small rooms originally intended for tiffin rooms. They have tiled roofs and in the summer it is unbearable to work there. It is necessary to set apart the tiffin rooms for the purpose for which they are intended.

In these circumstances, I request that Government may be addressed to sanction my proposal to instruct the District Board President to vacate the Collector's Office building at an early date and to secure accommodation for his and the Dt. Board Engineer's offices elsewhere. The Bellary Taluk Board's office is located in a decent rented building and the Dt. Board Engineer's office was also located for a very long time in a rented building in the Fort before it was shifted to the Press Room in 1919. It may not therefore be a difficult matter to find

suitable buildings for the offices of the District Board and the Dt. Board Engineer if an attempt is made.

Buildings - Government - Bellary Collector's Office - occupation by Local Board offices.

Ref:- Government Memorandum No.3430 C/26-1 dated 22-10-26.

Ref:- Board's Ref. E.5567/26-1 dated 29-10-26.

On the abolition of the Town Sub Magistrate's office in 1923 on account of retrenchment, the building of that office was occupied by the District Labour Office temporarily. As it was found too big for a small office the building was handed over to the Deputy Director of Agriculture for the use of his office. He occupied the building on 20-6-1924, from which date the District Labour office is being located in one of the tiffin rooms in the Collector's office compound.

2. In pursuance of G.O. No.516 dated 2-4-21, para 3, the office of the District Educational Council was allowed to occupy the old Land Record Tahsildar's office building which fell vacant owing to the abolition of the post of the L.R. Tahsildar in 1921. It was subsequently transferred to one of the tiffin rooms in the Collector's office compound from 11-10-22, as the building of the Land Record Tahsildar was too big for a small office consisting of two clerks. The latter is now occupied by the District Audit office (L.F.).

3. Accommodation for the offices of the Excise Assistant Commissioner and his Inspector and the Veteri

Veterinary Deputy Superintendent is intended to be provided in the Collector's office buildings only after making provision for the offices mentioned in the previous paragraph. Please see para 3 of this office D.Dis.C.1135 of 26 dated 5-8-26. Both the above offices of the Excise Department have got ~~a get~~ a good deal of correspondence with the Collector and much time and correspondence will be saved if they are located as near as possible in the Collector's office compound. Above all, I am of opinion the the Excise and other Government departments should have preference over Local Fund Departments in the matter of accommodation in Government buildings.

Memorandum No. 4228-C/26-1 dated 25th January 1927.

Buildings - Government - Bellary Collector's office Occupation by District Board offices - Board's Ref.No. [illegible] 26-2, dated 1st December 1926.

The Board has submitted a proposal from the Collector of Bellary (Khan Bahadur Md. Bazullah Sahib Bahadur). to instruct the President, District Board, Bellary, to move his office and the office of the District Board Engineer from the Collector's office buildings. Before passing orders on this proposal the Government desire to know the views of the present Collector on it. If he agrees with his predecessor he should be instructed to submit a plan showing the rooms in the Collector's office buildings and their present and proposed distribution and also to indicate how the District Board is to find accommodation for its two offices which it has been proposed to move from the Collector's office buildings.

Buildings - Government - Bellary Collector's Office Occupation by District Board Office.
Ref:- Board's No. E.4211/26-3 dated 28-1-27.

After personal inspection of the buildings in office compound referred to in the proposals sent during the time of my predecessor I find that the magginally noted offices are in urgent need of accommodation, as the buildings (Tiffin rooms) occupied by them are inadequate and unsuitable for office use. I therefore propose to shift the office of the First class Bench Court and that of the Inspecting Tahsildar to the building now occupied by the District Board Engineer as both these offices can be conveniently accommodated in it. The District Labour Office will be moved to the main building of my office premises and will be located in the portion now occupied by the Inspecting Tahsildar.

1) Office of the 1st class Bench Court.
2) Office of the Inspecting Tahsildar.
3) Dt. Labour office.

2. There seems to be no difficulty about the accommodation for the office of the Dt. Educational Council which consists of an establishment of two clerks only. The present building will suffice for the needs of this office. If necessary, the adjoining room now occupied by the office of the 1st class Bench Court, will be given over to that office after it is vacated. As sufficient accommodation for the Government offices in my compound

xxxx

will have been provided for by the above arrangement, there seems to be no necessity to move the office of the President District Board, Bellary, from the building in the Collector's office now occupied by it. I therefore request that the President of the District may be asked to move the office of the District Board Engineer alone elsewhere, at an early date as it is required for the Government offices referred to above. A plan of this building is enclose If the Government approve my proposals the Executive Engineer will be asked to carry out certain minor repairs to the building now occupied by the office of the Dt. Board Engineer so as to make it fit for occupation by the two offices referred to above.

Buildings - Government - Bellary Collector's office - provision of accommodation - for certain Government offices - further proposals - sent.

Ref:- Board's Ref: E-4211/26-5, dated 28th July 1927.

I forward herewith the plans of my office buildings with 5 statements showing how the various rooms are at present occupied.

2. In this office Ref: C-754/27, dated 23-7-27, I proposed to shift the office of the 1st class Bench Court, --- which is now held in Store room No.2 site survey plan (G) and that of the Inspecting Tahsildar which is now held in No.IV plan (I) No.4 to the building now occupied by the District Board --- Engineer, Bellary, Nos. 1, 2 & 2.A of the blue print plan (H); the District Labour office which is now held in tiffin room Nos. 1 & 2 of the site survey plan to the main building of my office where the office of the Inspecting Tahsildar is now located; and the occupation of the room now occupied by the office of the 1st class Bench (No.2 of the site survey plan) by the District Educational Council office which is now in No.1 of the site survey plan. The Revenue Divisional officer, Bellary, at present occupies two separate blocks in my office compound; one for the use of his clerk-s and records (Nos. II & I of plan No.) East block) and the other as his Court Hall and Private -- room Nos. I and II of plan No.5, west block. I have again inspected room No.I of ~~the~~ plan No.5 east block where the -- records of the Revenue Divisional Officer's office are kept.

It is not only untidy but is very insecure. It has glass panes to doors and window shutters. Any combustible .... matter may be easily thrust in. In the interest of the -- safety of the Records room and with a view to keep both -- the officer and his staff with the records in one and the - same building, I propose to shift the Revenue Divisional -- Officer's office bodily to the building now occupied by the District Board Engineer's office - Nos. 1, 2 and 2-A of the blue print. The first class Bench Court and his office -- will be shifted to Revenue Divisional Officer's court hall from No.2 of the site survey (G) plan to Nos. I and II of plan - 5 west block. These two rooms will accordingly satisfy -- the needs and requirements of the 1st class Bench Court and its office The Inspecting Tahsildar's office will be -- shifted to the room occupied by the Revenue Divisional ---- office clerks and records from No. IV (I) plan IV - to Nos. I & II (I) of plan 5 - east block. The other proposals require no modification. I request therefore that my proposal may be approved at an early date.

3. Particulars of changes proposed are also noted in the statement referred to in paragraph 1 above.

4. The plans may be returned when no longer required.

5. The reply to this reference was delayed by the Exe Cutive Engineer which was received in this office on the 9th instant after the issue of six reminders.

Sir,

Enclosures ____

Buildings-Government-Bellary Collector's Office Re-arrangement of office-Report sent.

Ref:- Board's E. No. 6746/27-1 dated 23-11-27

In this office D. Dis. C. 1135/27 B-4 dated 5-8-26 and Ref C. 5631/26 B-4 dated 24-11-26 proposals were submitted for the shifting of the Local Fund offices from the Collector's office buildings with a view to remove congestion and afford better accomodation for certain Government offices specified therein. It was then reported how the District Board Engineer's Office which was in a rented building in the Fort for a long time was shifted to the Press room in the Collector's Office compound in 1919 and that the Bellary Taluk Board office was also located in a decent rented building and that it would not be a difficult matter to find suitable buildings for other Local Fund Offices if a genuine attempt is made to do so. In reply to Board's reference E. 4211/26 -3 dated 28-1-27 it was proposed in this office Rei C. 754/27 B4 dated 23-7-27 to shift only District Board Engineer's office elsewhere to provide accomodation for certain Government offices specified therein with a view to enable Government to address the President District Board Bellary to make attempts to procure a suitable building for the office of his District Board Engineer. This proposal was made for want of Government buildings in Bellary

Bellary for the above purpose. For this reason no ~~xxx~~ specific buildings could be proposed but in Cantonment there are many vacant buildings available for occupation on rent, besides vacant bunglows in the town extensions which are also suitable for offices. I must regret not specifically answering Government's querry on this point but as a fact I took immediate notice of it by informing the President District Board what I proposed doing and asking him to let me know what he could do in the matter. As a result of my discussion with him both on paper and in person we came to a compromise. He said he could find accomodation for the District Board Engineer's Office but asked me to let his own office remain in the Collector's buildings. It is on the basis of this compromise that I have made my subsequent proposals. I must admit that I was at first surprised to be asked to arrange accomodation for a private body like the District Board; but -- having received the hint from Government that I should take up this point I did so atonce though by an oversight which I regret I did not say so at the time.

Abstract.

Buildings - Government - Bellary - Collector's Office - Rearrangement - Proposals - A p p r o v e d.

Revenue DEPARTMENT.

G.O. No. Misc. 663 dated 26th March, 1928.

ENCLOSURES.

No.

READ the following paper:—

From the Board of Revenue, Land Revenue and Settlement, Endt.No.E.6746/27 dated 16th January 1928.

Order:-

In August 1926 the Collector of Bellary suggested that the President, District Board, Bellary, should be instructed to move his office and the office of the District Board Engineer from the Collector's Office buildings with a view to relieve congestion in the Collector's office buildings and to provide adequate accommodation for the several sections of his office an also for other Government offices with which the Collector's office carries on correspondence. In Memorandum No.4228 26-1, dated 25th January 1927 the Board of Revenue was informed that the Government desired to know the views of the then Collector on the proposal. In November 1927 the Board reported that the then Collector's proposals had been received and that the Board's report would be submitted after the Land Revenue Commissioner had personally inspected the Collector's office.

The Board has now submitted the Collector's proposals with its views thereon.

2. The arrangements proposed by the present Collector are as follows:-

(1) To locate the Revenue Divisional Office in the building now occupied by the District Board Engineer's Office.

(2) To move the offices of the First Class Bench Court (now in a store room) and the Inspecting Tahsildar to the building now occupied by the Revenue Divisional Office.

(3) To move the District Labour Office (now located in a tiffin room) to the main Collector's office building and locate it in the portion now occupied by the Inspecting Tahsildar.

(4) To locate the office of the District Educational Council in the room now occupied by the First Class Bench Court.

(5) To move the office of the District Board Engineer elsewhere.

The Collector has reported that in the cantonment area there are many vacant buildings available for occupation on rent besides vacant bungalows in the town extension suitable for offices and that the President, District Board has agreed to find accommodation for the District Board Engineer's Office elsewhere. The Board of Revenue has supported the Collector's proposals.

3. The Government consider that the arrangements proposed by the Collector are satisfactory and accordingly sanction them.

(By Order of the Governor in Council)

J.F.Hall,
Secretary to Government.

Buildings Grant (Bellary) - Bellary Collr's Office
- Provision of accommodation for certain offices

E 6746/22.

Please see the Govt Memo at p10 cf & the Collr
letters at pp16 & 22-25 cf.

p1-3 cf

2 It was first suggested (by Mr Boyle Allah in 1926) that the Dt Board might be asked to vacate the portions of the Collr's Office Bellary occupied by it and by the Dt Board Engineer so that the following offices might be accommodated.

(i) Office of the first class bench Court
(ii) Office of the Dt Labour Officer
(iii) Office of the Inspecting Tahsildar (Land Revenue Taluq)
(iv) Office of the Dt Educational Council &
(v) Offices of the Excise Assistant Commissioner this Inspector and of the Veterinary Dy Supdt

Mr Crofton however, proposes to provide accommodation in the Collr's Office only for the first 4 offices named above in the 1st four items and for the offices in item (v) only if, after making provision for the first 4 items, additional accommodation is available His proposals are dealt with below.

Office of the first class bench Court This is at present located in a portion of the old Store room (outhouse) which is unsuitable and

inadequate for the purpose. The Bench Court holds its Court thereof in the Collectors Court Hall in the mornings. The area of this room is only 162 Sqft. It is now proposed to shift this office to a portion of the building now occupied by the Dt Board Engineers office rooms Nos I & II on the ground floor as was previously contemplated but to in the west block of the Collrs office (Plan No 5). Which are at present occupied used as the Dep Collrs Court & his private room. These rooms which measure 923½ Sqft are fit for use as Court & office for the Bench Court. The Collrs proposal may be supported

p 28 Cf
p 16 "
p 27 Cf
(H)
vide p 27 Cf

The Dt Labour office. This at present located in the upper room of the Collrs office which is 540 Sqft in extent. The office consists of one office, 2 clerks, 3 Inspectors & 1 overseer. The accommodation is not only insufficient but is also inconvenient as it is said that in summer that the radiation of heat is so intense that it is not possible to work there. Hence, proposed to shift this office to the room occupied at present by the Inspecting Tahsr & his establt - Room No IV on the first floor of the Central block of the Collrs office (Plan No 4). (I) which though smaller is convenient. It remains whether the Board will approve support the Collrs proposal. In that case the upper room will be reserved for the purpose for which it was intended.

Office of the Inspecting Tahsildar (LR Tahr)

This office is at present located in room No IV on the first floor of the Central block of the Collrs office (vide plan 4). (I)

p26 Cf

insufficient for the office of the D.R. Valor as he has a Dy Surveyor & a draftsman working under him & for the keeping a large set of maintenance maps & records. He proposes to shift the office to rooms Nos I & II on the ground floor of the East block of the Cts's office – Plan No 5. Both the rooms measure 923½ Sqft & provide sufficient accommodation. There is no objection to support the Cts's proposal.

p1 Cf

(H)

Office of the Dt Educational Council

This office consists of only 2 clerks besides the Dt Educational Officer. It is located in a portion of the Store room part of which is occupied by the bench Court. It is not proposed to shift this office anywhere but the entire Store room is proposed to be placed at the disposal of the Dt Educational Officer. The accommodation available is more than the requirements of this office. The Cts's proposal may, nevertheless, be approved.

p28 Cf

vide plan (G)

3 – The Cts's letters at pp 16-17 Cf & 22-23 Cf maybe submitted to Govt with the Boards' support. The proposal involves the removal of one office of the Dt Board Engineer only & any private vendee building

L 21.11

The C. has said nothing about finding quarters for the D.B.E. although he has L 18.11.29 [illegible] Govt to report on the pt

I think the C. should receive a sharp reminder on this subject

It is extremely difficult to make anything out of the general post proposed with the plans alone. If the Board likes to pass an opinion on the rearrangement of the C.'s office I think it can only do so after inspection. I think the 3 should go to Bellary shortly. It seems an excellent centre for local inspection At present the net result seems to be that the D. E. C. - of all the books in the world - feels an office must be kept for it & the D.B.E. who for all his faults is much more valuable than any D. E. C. is out in the cold

→ Shown him on the office & seen
the arrangements proposed by the Collr

It is most necessary that the RDO
Cuttack & office should be together & this
is achieved by the rearrangement.

The Dist Ed Council will move
in the office left vacant by the present
Steno there is room for the last contd
the latter room should be retained &
the office as they are vacated by them
The other arrangements proposed by Collr
may be adopted

M
7/1/28

I have been over the office and seen the arrangements proposed by the Collector. It is most necessary that the Revenue Divisional Officer's court and office should be together amd this is achieved by the rearrangement. The District Educational Council will remain in the office tiffin rooms for the present where there is room for it, but ~~But~~ eventually the tiffin room should be restored to the office as they are wante by the clerks. The other arrangements proposed by Collector may be approved.

(Intd.) H.A.B.V.

10.1.28

To Addl Dr

Draft Submitted

2 - M/s remarks at ps 7 imply that the office of the Dt Educational Council is located in the tiffin room of the Coll's office. ~~It is not so~~. That office is located in the Store room and the Coll does not propose to shift it anywhere. The Dt Labour office is located in the upper room which it is proposed to restore by shifting this office to the room occupied at present by the Inspecting Tahsr this establishment - Room no IV on the first floor of the Central block of the Coll's office - Plan no 4. The Comm's remarks are in effect an approval of the Coll's proposals entirely.

12.1.28.

I gathered that was the Comm's intention from conversation after the return
PLLS.
